Dear Mr Weisberg,

I've just seen a copy of a British program called "The Man who killed Kennedy"! Although, as you know, I know a lot of things about the matter, I was very impressed. Do you know the program? What about the testimony of Gordon Arnold and the analysis of the Moorman-picture showing a (the) gunman shooting JFK in the head (?) It seems very convincing. To me 75% of the program is most impressive and convincing. But the last part blaming the Corsica Mafia for the murder is utterly unlist to me. What do you think?

Yours Sincerely

P.S I saw you again in that program

P.S (2) What about Beverley Olivier who
saw Molly and Oswald together?
